EU MRV / IMO-DCS VERIFICATION

**Protect the environment.
Secure the future.**

What we do

Operating as EU MRV Verifier EU MRV according to REG (EU) 2015/757, as amended, LHR specializes in verifying compliance with the European Union's Monitoring, Reporting, and Verification (MRV) regulation for maritime transport.

Operating as an RO. LHR performs verification activities for IMO-DCS on behalf of Flag administrations.

Our expert team provides comprehensive verification services, meticulously examining ship emissions data and monitoring plans. Our services include monitoring plan assessment, verification of emission reports at ship and company level, data integrity and regulatory compliance.

Choosing LHR will assist every shipping company to navigate the complexities of maritime environmental regulations with confidence, fostering sustainable practices and contributing to a greener future.

Our Services

- EU MRV / IMO DCS Verification for fleet in service
- Classification services for both newbuilding and fleet in service
- Statutory surveys and certification on behalf of flag administrations

Brief Verification process

EU MRV

- Assessment of monitoring plan
- Verification of emission reports and partial emissions reports
- Verification of reports at company level
- Issuance of document of compliance

IMO-DCS

- Verification of Data Collection Plan (SEEMP II)
- Verification of fuel oil data report against latest regulations

LHR verification services aim to safeguard compliance and support sustainability goals. Partner with us to ensure data integrity and contribute to a greener maritime industry.

Credentials

LiberoHellenicRegister is an authorised verifier to carry out the assessment and verification in accordance with the EU MRV and IMO DCS requirements.

LHR has accreditation by the Hellenic Accreditation System according to EN ISO/IEC 17029 – Conformity Assessment for the Verification of GHG Reports from maritime transport (MRV).

LHR is also authorised to perform verification activities for IMO-DCS on behalf of Flag administrations.

Our background

Libero Hellenic Register, member of Libero Group, operates internationally to deliver statutory and classification services for ships and small crafts.

Our team of surveyors consists of skilled and well-experienced professionals who will verify your vessel's compliance from preliminary design stage to final launching and during operation.

We believe that for every business, compliance is the key factor to gain competitive advantage, enhance customer satisfaction and optimise the effectiveness of its assets and services.
